- Images submitted for competition must be the creative work of the entrant. By entering competition, the entrant is certifying that he/she created, composed, and made the original exposures and that the processing and artwork were done either by the entrant alone or under his/her creative direction, unless the entry is for the Artist Category. Makers can use supporting photographic elements that they did not create, provided those elements are referenced as guide images on the face of the entry. The original photographic capture by the entrant should be merit-worthy independent of the work that was not his or her own. Elements created by the maker must not be part of the guide images.
- MDPPA members must be in good standing and have their dues paid by 30 days prior to the competition to be eligible for awards in digital image and annual print competitions. Only MDPPA members can earn points and awards. Non-members can enter for score only.
